

Proposed Residential Developments

Anglesey Avenue and Auckland Drive

The North Solihull Partnership is spearheading significant investment in your neighbourhood to improve the physical and economic prosperity of the area.

This investment has seen the construction of new schools, village centres, enhanced green spaces and housing for sale and rent which has all been underpinned by our Socio Economic Works programme providing employment and training opportunities.

Over the coming months, we will be developing our plans for the next phase of housing development sites, and to do so, wish to share our initial designs with local residents to understand your views and opinions on our proposals.

We will be holding a local consultation event in relation to the two development sites shown overleaf.

The time and venue for the meeting is as follows:

Thursday 2 November 2017, 3pm to 7pm

Ex Comm Room, St John the Baptist Primary School, Arran Way, B36 0PS

Sharing our proposals with the local community is an important part of the planning process. We want to hear your views and will consider all comments and feedback that we receive before we submit a planning application.
